20|02|2019, Barcelona - Onside Iberia and Girona FC have signed a collaboration agreement for comprehensive support in the organization and implementation of training camps, friendly matches and tournaments of the club during the Pre-Season 2019/20.

Girona FC already worked together with 'onside' last season in the Costa Brava Trophy regarding the friendly match against Tottenham Hotspur.

Onside Iberia is a subsidiary of Onside Sports, the leading agency in the German 'friendlies and camps' segment, who developed a business model of year-around club support for professional football clubs which currently works with more than 20 teams from the main European leagues.

The Managing Director of Onside Iberia, Sergi Vieta, expressed his satisfaction for the reached agreement: "We thank Girona FC for their confidence in the experience and way of working of 'onside' and we emphasize the importance of this new agreement with a club of LaLiga, which reinforces the commitment in the development of our project in the Iberian Peninsula."

For his part, the general manager of Girona FC, Ignacio Mas-Bagà, has also appreciated the project: "Girona FC wants to continue growing and the Pre-Season, apart from being necessary for sports preparation, will help us strengthen the brand Girona FC in different foreign markets."
